Hazardous Materials (HM) - Overview

The mission of the Federal Motor Carrier Safety Administration (FMCSA) is to improve truck and bus safety on our nation's highways. In addition, FMCSA seeks to reduce HM security risks that could potentially harm the public and environment.

Developing programs to accomplish these goals is the responsibility of the FMCSA Hazardous Materials Program.

For information regarding FMCSA's HM goals, regulations, permits, training, security, etc.; please visit FMCSA's HM site at: http://www.fmcsa.dot.gov/safety-security/hazmat/hm-theme.htm

Summary of HM Activity in North Carolina

HM Activity by Type (North Carolina)	FY 2010	
	Total	OOS Rate
Registration
